GENUINE READY-PAY PRICES

We were the first to introduce (in this section) with success the One Price. Low Profit, Reasy Pay system and have always sold goods tower than any of our competitors. Many imitations of the genuine have copied our prices on a few articles and held on for a few weeks, then fixzled out, acknowledging to their customers that they could not sell goods at the rates we constantly hold out. All the goods they have ever sold at low rates has not been at their own option, but because we obliged them to do so. Therefore, in the words of old by these sections. but because we obliged them to do so. There is a cheap, rafe-safe for the most tener intant-and certain remedy for this dreadful emy to mankind; that remedy is TENTON'S VEGETABLE HEALING BALSAM, hich for several years was never known to fail iving good satisfaction, and it leaves the paent well; he needs no medicine to purge this

om the system. This Medicine will cure and heal the Lungs, cure a Lame Back, Gravel and Kidney Com-Ague in the Face, or Breast, Nervous Complaints, Palpitation of the Heart, Phthisic, Dya-pepsia and Liver Complaints. It will cure Burns, Fresh Wounds, Chilblains, and Bruises upon man or beast, and take soreness out of any part of the body. Bleeding at the Lungs, Chronic Rheumatism, Worms, Summer Com-plaints, Sore Month, Sore Throat, Bronchitis,

Vhooping Cough. This is not one of the new discoveries; it is an old and established article, and there are nyriads of living evidences of its efficacy. Put up in bottles at only 25 cents each.

Great Imposition and Fraud! Its increasing demand and wonderful success tas induced some three hundred to imitate my 'Vegetable Healing Balsam,' which is always done to an invaluable medicine. Therefore the counterfeit is composed of only two articles, while the genuine is composed of eight different articles, and "all work together for good."

always presents us with the same e-sential elements, and gives, of course, the true standard. Analyze the blood of a person suffering from econsumption, liver complaint, despepsis, serofula, &c., and we find in overy instance certain deficiencies in the red globules of blood. Supply these deficiencies, and yeu are made well. The Blood Food is founded upon this Theory, hence its astoniching success. To all amfering from consumption, incipient or confirmed; or from debility of any kind; or from mental or nervous prostration brought on by any causet or from acrofula complaints; or from deases of the kidneys; and to indies suffering any of the many distressing complaints to which hear sex are liable, and which ongender consumption, the blood Food is off-red as a certain remedy. Differing in every particular from the patent and deficies of the day it is a chemical combination of fron, sulphur and phosphorus of great worth, and many hundreds bear reaseful testimony to the benefits it has conferred on them.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitisted, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unbealthy food, impure air, fith and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I

unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, is the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and of the surface, cruptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitu-tions not only suffer from scrofulous complaints, but they have far less power to with-stand the attacks of other diseases; conse-quently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-

in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

cimates the human family has its origin directly

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Enuprive and SKIN DISEASES, ST. ANTHONY'S FIRE, Rose, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

AYER'S

Ague Cure, FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originat-ing in biliary derangement, caused by the Malaria of Miasmatic Countries. We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of Fryna And Agur from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Agur prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain care of Internalitats is that it contains so Quinine or mineral, consequently it produces no quinism or We are enabled here to offer the community a

or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitu-tion. These cured by it are left as healthy as if they had never had the disease. Ever and Ague is not alone the consequence of Fever and Ague is not alone the consequence of the minematic poison. A great variety of disorders arise from its irritation, among which are Neuralyia, Rhetmatism, Gout, Heudache, Blindness, Toothache, Earache, Caturrh, Asthma, Palpitation, Painful Affection of the Spicen, Hysteries, Pain in the Bowels, Colic, Paralysis and Devasgement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cunn" expels the poison from the bloed, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, sionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Inter-

mittents if they avail themselves of the protection this remedy affords. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. C. E Swift, Kayennn; A. M. Sherman, Franklin Mills; D. W. Goss & Bro., Edinburg, and by all dealers in Medicine.
